

Our Company offers design, engineering, manufacture and testing of packaged systems, all tailor-made to meet specific client requirements.

Our products are delivered as one ready-for-use unit and can be rapidly installed on job site.

Modularization of process packages allows easy installation, start-up and commissioning:

- Reduction of time required for fabricating the unit directly at site.
- Manufacturing of various skids & modules on several production lines or in different locations.
- Weight reduction of the installable components by breaking it down into lighter parts.

BREDA ENERGIA S.p.A.

PACKAGED SYSTEMS

PACKAGED SYSTEMS OFF-SHORE & SUBSEA

SSIV Systems

- Protection structures
- Safety isolation valves
- Control systems
- TUTUs, SUTHs, Umbilicals

PipeLine End Manifolds (PLEMs)

- Temporary Pig Launchers & Receivers

Top Side Equipment

- Manifold
- Injection Packages
- Metering

PACKAGED SYSTEMS ON-SHORE

Production equipment

- Production, injection & test manifolds

Pipeline Terminal Equipment

- Metering
- Analyzer
- Launching/receiving pig traps

Utility Skids

- Water treatment/ filtration units
- Pipe valve skids
- Pressure reducing skids
- Pumping skids
- Utility gas skids
- Instrument skids

Chemical and Additive Skids

- Chemical injection skids

PACKAGED SYSTEMS

SUBSEA

SSIV Station - 24" Hydraulically Actuated Ball Valve
TUNA Gas Gathering PLEM and SSIV System Project (Egypt) - PETROBEL

SSIV Station with Protection Structure
TUNA Gas Gathering PLEM and SSIV System
Project (Egypt) - PETROBEL

Deployment of PLEM to sea-bed
TUNA Development Project (Egypt) - PETROBEL

SSIV Control System - Topside Umbilical Terminal Unit (TUTU) c/w Hydraulic Power Unit
TUNA Gas Gathering PLEM and SSIV System Project (Egypt) - PETROBEL

Platform Production Manifold
LSP-1 Project (Astrakhan) - LUKOIL

SSIV System
SEMMA Gas Development Project (Egypt) - PETROBEL

Hydraulic supply
from existing HCU

PACKAGED SYSTEMS

ON-SHORE

Gas Pressure Reducing Station
Karachaganak - Uralsk Gas Pipeline Project (Kazakhstan)
KPO

Wellhead Control and Methanol Injection Skid
South and North Gas Exploration Project (Syria)
STG Engineering Russia
